

LOVE RIDE SWITZERLAND COMMITTEE

Media release for today's Love Ride 30 - Sunday, May 8, 2022, 6.00 p.m.

A heart moves!

After a two-year break due to the pandemic, the Love Ride, Europe's largest biker benefit event to support people with muscle diseases and impairments, was finally back - and its 30th anniversary was a success from the first to the last minute. More than 10,000 people found their way to the Dübendorf airfield today and, in dry and mild weather, together set a sign of solidarity. Also, all of the 241 people with muscular diseases who wanted to ride on a trike or in a sidecar found a ride. Musical greats like Marc Storace or Philipp Fankhauser, the Patrouille Suisse or the Swiss Hornet Display Team provided a great supporting program.

Income and donations

True to the motto "A heart moves", the Love Ride once again showed how much people can move when they come together for a good cause. Even though the donations have not yet been counted completely, it looks like the CHF 300,000 mark will be cracked. Exact figures can only be announced after the final evaluation. Since the event is covered by sponsorships and all helpers work on a voluntary basis, all the day's proceeds will directly benefit people with muscular diseases via the allocation committee. Accordingly, the organizers were very pleased that some of the souvenirs were already sold out in the morning.

Heartfelt thanks

A big thank you goes to the nearly 300 drivers of sidecars and trikes who made sure that all affected people found a ride. For many of those affected, who are often dependent on wheelchairs and help in everyday life, the rideout is the absolute highlight of the charity event and an opportunity to forget everyday life and mobility restrictions for a moment.

Love Ride 31

The 31st edition of the Love Ride will take place next year on May 7, 2023 - as usual on the first Sunday in May.
